DONATIONS YOU MAKE TO SADS OF \$2 OR MORE ARE NOW TAX DEDUCTIBLE ON YOUR ANNUAL TAX RETURN

Save-A-Dog Scheme (SADS) was established in 1985 to offer a humane alternative to the killing of unwanted dogs, especially dogs of good temperament, that would otherwise be destroyed at pounds and shelters.

SADS is an incorporated, non-profit, community-based organisation controlled and operated by volunteers with the help of paid staff. It operates as a registered animal shelter and combines this with foster care in the community. Each dog is desexed, vaccinated, wormed, microchipped, vet-checked and temperament-assessed prior to adoption.

SADS has a no kill philosophy and believes that the dichotomy of a dog being "Mans Best Friend" on the one hand and an unwanted article for destruction on the other is totally unacceptable. SADS is a "coal-face" organisation, which saves hundreds of dogs each year and which seeks, by example, to provide a better way of treating non-human animals.

Save-A-Dog Scheme relies on donations for its continuing existence and does not receive any government funding. Donations to Save-A-Dog Scheme are now tax deductible and help with the general care of the dogs and the maintenance of the organisation. The greatest expense is for veterinary treatment for the dogs, which includes the care of sick and injured dogs. These dogs are nursed back to health rather than being destroyed as they may be elsewhere.

Dogs & Cats For Adoption

All dogs and cats available from Save-A-Dog Scheme are de-sexed, vaccinated, wormed, micro chipped and vet checked.

SADS Position on Cats

Save-A-Dog Scheme is primarily a dog organisation. Part of our work is to operate a regional pound and therefore we are charged with the care of species other than dogs, the greatest number of which are cats.

Under our contract, Save-A-Dog Scheme only acquires cats from two specific areas; hence the number of cats we deal with is small compared to the larger shelters which are responsible for bigger areas. This places us in the fortunate position of being able to offer a humane alternative to the vast majority of cats and kittens unclaimed from our pound. These cats and kittens, as with the dogs, are assessed, have their vet work completed and are then rehomed by Save-A-Dog Scheme.

Two mature pals looking for a home!

Midgey & Tiggy (10yrs & 8yrs respectively) are looking for a home together. The pair came to us from our rehoming program in the Latrobe Valley after being surrendered by their owner. The pair, currently in a foster home, are adored by everyone they meet, and are looking for someone to give them all the love and attention they deserve. They are happy with their own company during the day and will make wonderful companions for a mature family who enjoy their walks.

CAN YOU HELP WITH THESE SPECIAL NEEDS?

All contributions tax deductible

In accordance with our "no kill" philosophy, Save-A-Dog Scheme provides whatever veterinary care is necessary to save an animal and make it possible for it to enjoy the rest of its natural life.

Unfortunately this often involves expensive treatment in the form of tests, medication and surgery.

Please look at our website (www.saveadog.org.au) to see if you can donate the cost of vet treatment for a dog or cat!
