Winter Edition Issue 48

To all our friends and supporters

Another year has passed and we again approach the end of the financial year when our thoughts turn to annual giving.

Without your generous support, not only over the last 12 months but indeed over the last 26 years, Save-A-Dog Scheme would not have continued to exist, let alone grow to be the organisation it is today, and thousands of companion animals would have perished.

SADS still desperately needs your financial support, especially this year, for our workload has been very burdensome.

You know what we do, you know it is what you believe in, you know that many of the animals we save would only be safe at SADS so please, please continue to help and remember our work when you consider your annual giving.

The contribution of each one of you is so important.

"All that it takes for evil to triumph is for a good person to do nothing".

Yours with many thanks for your life saving support over the years.

Pam Weaver.
President.

NEWS FROM OUR YARRAMBAT PROPERTY

Our Yarrambat property is progressing well and enabling us to save more and more animals. It has been invaluable in acting as a boarding facility for our dogs and cats.

There has been much interest and support for this project with staff and volunteers devoted to their four legged charges and loving the property which they enthusiastically tend.

Our architect and town planner are now entering the final stages in preparing the plans to be put to the Nillumbik council to enable us to convert to a fully operational and compliant animal shelter (as opposed to a boarding facility) and we hope to have exciting news of this in our next newsletter.

ALL DONATIONS TO SAVE-A-DOG SCHEME INC OVER \$2 ARE TAX DEDUCTIBLE

Save-A-Dog Scheme (SADS) was established in 1985 to offer a humane alternative to the killing of unwanted dogs, especially dogs of good temperament, that would otherwise be destroyed at pounds and shelters.

SADS is an incorporated, non-profit, community-based organisation controlled and operated by volunteers with the help of paid staff. It operates as a registered animal shelter and combines this with foster care in the community. Each dog is desexed, vaccinated, wormed, microchipped, vet-checked and temperament-assessed prior to adoption.

SADS has a no kill philosophy and believes that the dichotomy of a dog being "Mans Best Friend" on the one hand and an unwanted article for destruction on the other is totally unacceptable. SADS is a "coal-face" organisation, which saves hundreds of dogs each year and which seeks, by example, to provide a better way of treating non-human animals.

Save-A-Dog Scheme relies on donations for its continuing existence and does not receive any government funding. Donations to Save-A-Dog Scheme are now tax deductible and help with the general care of the dogs and the maintenance of the organisation. The greatest expense is for veterinary treatment for the dogs, which includes the care of sick and injured dogs. These dogs are nursed back to health rather than being destroyed as they may be elsewhere.

Dogs & Cats For Adoption

All dogs and cats available from Save-A-Dog Scheme are de-sexed, vaccinated, wormed, micro chipped and vet checked.
